Late Pass Questionnaire #2

Adapted from An Bui's reflection exercises in ENVS 193DS and Sam Csik's in EDS 240

Completing this assignment in full, to the rubric specifications listed below, will earn you a 24 hour late pass that you may use on a single homework assignment. Late passes may only be used once. While we will keep track of your late passes, it is important that you also keep track of them and only submit an assignment late if you know you have a late pass. Submitting late without a late pass will result in a zero on that assignment.

In this assignment you'll reflect on your progress in the course so far. It might be helpful to re read your responses to Late Pass Questionnaire #1 to answer some of the questions.

Complete the following in order to receive a late pass:

- Respond to each of the following questions on a word document and submit to Gradescope by **Saturday, November 7th at 11:59 pm.**
- Answer each question in 2 - 4 sentences
- Your responses must demonstrate genuine reflection. Low effort answers will not receive credit

Learning Goals/Plans

1. How have you progressed towards your learning goals so far for this course? Have your goals changed? If so, how?

2. What skills are you proud of developing in this course so far?

3. Looking back at your plan for achieving your learning goals, have your strategies been effective?

4. Looking forward, will you adopt new strategies? If so, what will they be?

5. If you've needed help, have you sought it out? If you haven't sought out help, why not?

Course Topics and Structure

6. What topics have excited you most so far?

7. Is there anything about this course that you are really enjoying? Is there anything that isn't working for you?

8. What else would you like me to know about your experience so far?
